

American Olean Ceramic Library Display with Accent Wing

This display was created to highlight the entire American Olean tile line. It's attractive, easy-to-use and holds 60 panels. Plus, it boasts a full-reveal of feature panels, easy loading wings, tabs that correspond to each tile category and make the display easier to use. In addition to all of these great features, you have the opportunity to order a Light Kit, containing small spotlights to further enhance the display and/or the Finishing Touches Wing packages, which offers easy-to-remove accent boards to mix and match with each tile panel, and an informative education panel that outlines and explains the four tile categories and the tile pricing system for the consumer.

Size: 92 3/4" H x 60" W x 35 1/2" D
