## Change in Mailing Address

Please remember, our Accounts Receivable department moved to our Hanover location. Therefore, when paying your invoices by mail, please send them to:

Conestoga Ceramic Tile  
401A Moulstown Rd  
Hanover, PA 17331

Additionally, if you pay your invoices by our Chax program, please fax your check copies to our Hanover location at fax number 717-637-2581, Attention Kim Staub.

Please see the enclosed flyer representing the upcoming promotion on **Nuheat** during the month of February. There is no better time of the year to promote in-floor heating than right now. Take advantage of this opportunity to upgrade your next bath or kitchen floor application.

Please see the enclosed flyer representing the upcoming promotion on **Florida Tile** Ankara, Contessa and Mendocino on sale in February, March and April.

**Enclosures - Price Lists**

**Aqua Mix** - Once again we have included product descriptions for ease of determining the specific product that will work for you application. Also, please take note of some of the non-stock items that must be purchased in full carton quantities. **Aqua Mix** carries an array of products for problem solutions as well as problem prevention.

**Benissimo** - **Benissimo** is the perfect countertop solution for those individuals looking for a granite countertop without the high price of fabricated material. Pre-designed components allow you to create a beautiful granite surface that will enhance any kitchen or bathroom. Additional accessories allow you to coordinate materials into the backsplash as well.

**Ebbe Drains** - This two-component system allows you to upgrade the look of a traditional round stainless steel drain for shower floor applications. Available in a number of stylish metal finishes, **Ebbe** is an ideal product to enhance your next project.

**Epro** - One of the last remaining, truly hand-crafted looks still available in the market, **Epro** is the sister company of **Seneca Tiles**. Their unique body preparation and glazing techniques provide individualism from tile to tile.

**Laticrete** - The newest grout product to be introduced is Permacolor, a specially designed cement-based grout that offers the ultimate in performance for the homeowner. 258 Sure Set is a specially formed thin-set that eliminates the need for back buttering large format tile and stone. Its unique wetting characteristics provide maximum coverage ensuring a long lasting installation. 125 Sound & Crack Adhesive takes the place of costly time consuming membrane or mat systems allowing for faster and more effective installations. Please take note of the 10 colors of 1500 and 1600 series grout that are marked (\*), they are going to be phased out in June. Those colors will remain in Permacolor, Spectralock and caulks.

**Laticrete Floor Heat** - The Floor Heat mat system provides a self-adhering mesh, making the installation extremely easy compared to systems that require tracks or mechanical fasteners. 21 different sizes are stocked in 120V ensuring that any job or room configuration can be completed on time with virtually no cold spots on the floor. In-floor heating systems are an ideal way to offer your clients comfort and at the same time maximizing profits on the job. Please remember that Floor Heat pricing (and all other price lists produced in manila color) are listed as NET pricing with no applicable trade discount.

**Marble Sills** - Cultured **Marble Sills** provide consistency of color and uniformity in sizing, making their choice a problem free decision. We also stock corner shelves in white and bone and offer natural marble sills in white carrara and beige.

**Mediterranea** - The newly introduced Bellagio and Safari offer excellent value in glazed porcelain material. 13 x 13 and 18 x 18 sizes are complimented with a 2 x 2 mosaic for additional design ideas. Affresco and Vatican Gallery continue to provide a dynamic look and are available in 4 field tile sizes.

**Noble** - Noblebond EXT was formulated for the installation of membranes exterior when the previous method required latex-modified thin-set material. Chloraloy continues to be the industry leader in shower pan liner applications with a failure free history to back up the performance.

**PermaBase** - We have added this cement backer board to our product offering. **PermaBase** provides superior performance and ease of installation with its patented Edge Tech technology allowing closer fastener application to the edge of the board.

**Questech** - We cannot say enough about the success of the **Questech** Dorset Collection. Customers who have made the investment in the display system have reaped the rewards afforded by the product line. Every product represented in the line is stock by **CONESTOGATILE** and is also sealed with Q-Seal, a proprietary lifetime sealer applied to all **Questech** products including their natural stone collection.

**StarQuartz** - **StarQuartz** is the only urethane based grout on the market. Your tile-setting team will marvel at the ease of installation and your customer will end up with a high performing grout joint for the life of the project. StarCure additive is available for wet area application and is provided at no charge when necessary.
