May 2018

The Following Pricelists are included in this edition of the Trailblazer:

Edligres – In this edition of the Edilgres pricelist we are introducing a new series, Everyday. Everyday is a glazed porcelain limestone look available in three colors, each with natural looking shade variations. It has four field tile options and two mosaics. We will be stocking this series in the coming months.

Florim USA (Milestone) – Florim will be changing its name to Milestone. The name Milestone embodies a new beginning with a promise to pay even greater attention to the shift toward a more sophisticated taste within the fast paced and ever-changing US market. Until the transition is complete, we will continue to use the name Florim. For those with Florim displays and dealer boards, you will be receiving updated marketing material in the coming months. This most recent pricelist includes four new series.

Marble Sills – This combined pricelist of Cultured Marble, Natural Stone and Agglomerated Marble Sills, Saddles, Corner Shelves and Seats from several manufacturers has little changes in this version. You will notice a slight increase in most prices and the 6” x 51” x ¾” Shower Curb/Window Sill is no longer available in color Sterling.

Naturally Beautiful Surfaces – NBS is a supplier of natural stone field tile, mosaics, trim pieces and beautiful waterjet cut mosaics. They also have several colorful ceramic and glass options. For the May pricelist we have added four new series. You will also notice added sizes and color options in several other series.

Pamarva – We’ve added a new series to our private label pro-

gram. Dolomite is a glazed porcelain interpretation of Dolomite Marble. It has the same soft veining seen in the natural stone. It is available in three colors, two finishes, and several field and mosaic options. We will be stocking most of this series in the next couple months. The other change you will notice in this pricelist is the addition of several sizes to the Soho series in the Glossy White.

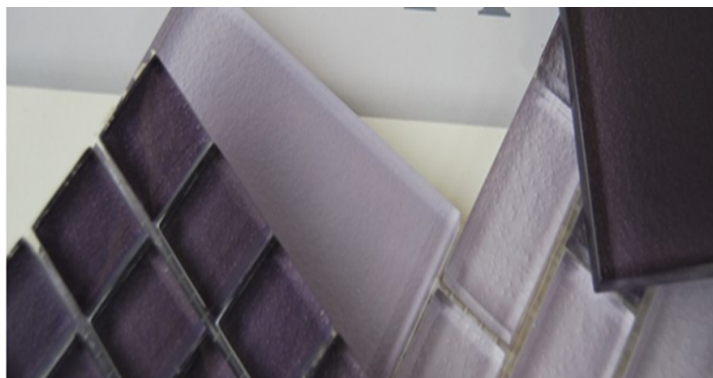

Schluter - It’s been almost 2 years since we have introduced a new Schluter Price list and although there are no price increases in this price list, they have added several new finishes to the TRENDLINE DILEX and JOLLY. They have also added a Matte White and Matte Black to the QUADDEC and RONDEC series. There are new items in the KERDI section of the pricelist including chrome drain grates, KERDI-LINE-STYLE, KERDI-DRAIN-STYLE and additional sizes in the shower kit, as well as a new bathtub kit.

Schluter Ditra-Heat – The New DITRA-HEAT-E-WiFi has been added to this pricelist. It makes controlling and monitoring the DITRA-HEAT floor warming system convenient and accessible from any location on your smartphone and online. Features include controlling multiple thermostats all from the same app, a 3.5” color screen with easy interactive touch control, displays local temperature and weather forecast, 6 programmable periods per day and can track energy consumption and costs and a set-up wizard walks you through programming.

Schluter Kerdi-Board – There are a couple stocking changes to this pricelist. We are now stocking the 48” x 6” x 4 ½” shower curb. We will no longer stock the 2” wood screws.

Pantone’s Color of the Year

By now most of you have seen Pantone’s Color of the Year for 2018, Ultra Violet. What you may not know is that there are a few tiles here at Conestoga Tile that can help you satisfy your trend following customers.

Villi’s industry-leading color palette has two brilliant similar hues. Their Amethyst and Lavender evoke the same emotions that Pantone believes its Ultra Violet carries-“dramatically provocative and thoughtful.” This collection of glass tile comes in many shapes and sizes and would create a beautiful focal wall or fun colorful accent.

Epro’s Winslow Wall collection of colorful, expressive, artistic tile is available in Violet, a near perfect match to the color of the year. This hand crafted glossy finish wall tile is available in many sizes and numerous decorative borders.
