

The Following Pricelists are included in this edition of the Trailblazer:

To access our online Excel Pricelists please go to <https://www.conestogatile.com/pricelists>

Ape – This new Ape pricelist features a price decrease on most products. As always, we stock a wide variety of shapes, sizes, and colors from this exceptional Spanish manufacturer, with both matte and glossy finishes perfect for wall applications. Plus, select series are also suitable for interior residential floors, giving you even more design flexibility.

Concerti – This new Concerti pricelist includes two stunning new series, along with five new patterns and colors in the Italia collection. Even with these exciting updates, there are no price changes to existing product lines. **Caliza** is inspired by the subtle beauty of limestone. This large format ceramic series offers a contemporary cement-like aesthetic with soft tones and delicate details. Its clean lines and refined textures make it a for a variety of wall applications, providing a timeless backdrop that enhances any space. **Gibraltar** transports your interiors to the Mediterranean with its uniquely shaped extruded porcelain tiles, measuring 2.5" x 7". Each piece features artfully irregular edges and richly textured surfaces. With versatility for both floor and wall applications, Gibraltar brings warmth and sophistication to any design. The **Italia collection** now offers five additional patterns and

colors, further expanding its marble-effect designs. Utilizing innovative 3D technology, this collection precisely layers premium porcelain materials to create the intricate look of a waterjet mosaic. The result is a surface that not only captivates visually but also invites touch, redefining the possibilities of tile design.

Edimax – We're excited to announce the addition of **Symphony** to the Edimax pricelist. This stunning new series, set to arrive in stock within the next couple of months, is inspired by three types of precious marble. With intricate veining and natural surface movements, Symphony offers a realistic, sophisticated look that seamlessly fits both classic and contemporary spaces. Along with this new addition, the updated pricelist reflects a slight price increase on all existing Edimax lines.

Lungarno - This new pricelist features reductions on most products across the board. This means greater value on many of your favorite tile selections. Please note, however, that glass mosaics have seen a slight price increase. In addition to these pricing changes, we're also excited to introduce a brand-new product: the 2cm **Burlington** tile, available in a 24" x 24" format and offered in two versatile colors. This latest addition expands our outdoor tile selection—just in time for spring projects. Whether your customers are planning a patio upgrade or a full outdoor

Pricelists Continued:

Lungarno continued - transformation, Burlington brings both style and durability to your spaces.

Roca - The latest Roca pricelist update, features price adjustments for about half of our products and the introduction of four new series. The **Baltic** collection, inspired by the Baltic Sea's windswept sands, brings warmth and natural elegance to both floors and walls with its earthy tones and versatile design. **Harmony**, from our Decorative collection, is a handcrafted series that reflects the charm of fired stoneware ceramics, blending simplicity, luminosity, and tactile

beauty in a timeless aesthetic. For those seeking a touch of luxury, **Onice Supreme** offers a stunning marble-like finish, featuring golden veining and translucent cream tones that transform any space into a serene sanctuary. Finally, **Serena** combines modern design with nature, capturing the essence of Portland stone, limestone, and coral textures to create a perfect balance of authenticity and sophistication.

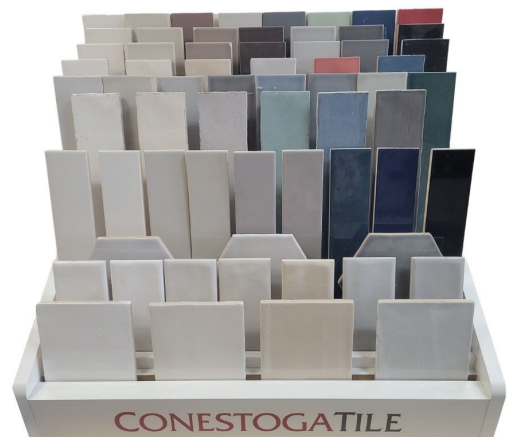

NovaBell - This pricelist has a small price increase, reflecting continued excellence in design and craftsmanship.

Showcase Your Selection with Our Loose Countertop Wall Tile Display

Our **Loose Countertop Wall Tile Display**, a versatile and convenient solution for showcasing tile samples in your showroom. This display is **readily available** and designed to hold up to **80 tiles**—with **eight 3" wide tiles per row across ten rows**—making it an efficient and organized way to present your product offerings.

To make setup even easier, we offer **four pre-made sample package options**, ensuring a quick and stylish display right out of the box. However, if you have specific needs, the display is **fully customizable**, allowing you to curate the perfect selection for your customers.

This **free display** is a great way to enhance your showroom and give clients a hands-on experience with your tile collection. To learn more or to request yours, contact your **Conestoga Tile sales representative** today!
