Kronos USA has announced no changes to its field tile pricing, making now the perfect time to take advantage of their outstanding collection of 2cm porcelain pavers—made in the USA and crafted for lasting beauty and durability.

As the trend toward creating outdoor living spaces continues to grow, homeowners and designers alike are embracing the concept of the outdoor oasis—transforming patios, pool decks,

and rooftop terraces into true extensions of indoor living areas. Kronos USA's 2cm porcelain products are designed to meet this demand with style and strength. These tiles deliver the natural beauty and design versatility of Italian-inspired surfaces with the performance and sustainability benefits of domestic manufacturing.

Ideal for patios, pool surrounds, walkways, rooftop decks, and other exterior applications, Kronos USA's 2cm pavers combine slip resistance, color permanence, and easy maintenance. They allow for creative layouts that seamlessly connect indoor and outdoor spaces, turning everyday environments into welcoming retreats for relaxation and entertainment. Kronos USA remains the go-to solution for designers and builders seeking to create outdoor spaces that are as durable as they are beautiful.
