## Technical Specifications

| CHARACTERISTICS                        | STANDARD     | DECLARED ASTM                 |
|----------------------------------------|--------------|-------------------------------|
| Water Absorption                       | ISO-10545/3  | <=0.5%                        |
| Break Strength                         | ISO-10545/4  | Min. 1500 N                   |
| Chemical Resistance                    | C650         | Class A (Resist) <sup>1</sup> |
| Stain Resistance                       | ISO-10545/14 | 5                             |
| Frost Resistance                       | C1026        | Resistant                     |
| Thermal Shock Resistance               | ISO-10545/9  | Resistant                     |
| Crazing Resistance                     | ISO-10545/11 | Resistant                     |
| Group                                  | See FAQ's    | 4                             |
| PEI- Glazed Tiles                      | C1027        | PEI (V)                       |
| Dynamic Coefficient of Friction (DCOF) | A326.3       | >=0.42                        |
| Shade and Texture Rating               | CTDA         | V3                            |
| Facial Dimensions                      | C499         | Pass                          |
| Range of Thickness                     | C499         | Pass                          |
| Warpage                                | C485         | Pass                          |
| Wedging                                | C502         | Pass                          |

## Packaging Info

| Size       | SF per carton | PC per carton |
|------------|---------------|---------------|
| 48"x110" R | 36.17         | 1             |
| 48"x48" R  | 15.50         | 1             |
| 24"x48" R  | 15.50         | 2             |
| 12"x24" R  | 11.63         | 6             |
