PRODUCT TESTING

Properties	ASTM	Results
Bond Strength	C-482	>100 psi
Chemical Resistance	C-650	Unaffected
Scratch Hardness	MOHS Scale	5.0 MOHS
Break Strength	C-648	>600 lbs.
Water Absorption	C-1026	7-11%
Thickness	N/A	10mm

ATTENTION | All crackle glazes will stain if not properly sealed. Jeffrey Court highly recommends sealing all crackle glazes with a high quality penetrating sealer prior to grouting. Consult sealer manufacturer recommendations for reapplication as part of an ongoing maintenance routine.

Please Note:
All product shots are artistic interpretations of actual product. Due to the nature of the printing process, we recommend obtaining physical samples of product for actual color representation.

ATLAS is a signature hand crafted crackle gloss ceramic line. Due to the nature of boutique tile making, some shade variation can be expected between lots. Blending of product is recommended for best installation results. All Atlas products are recommended for interior wall use only.
