Sequence^{HDP} is inspired by the elegant Varana stone found in the Emilia Romagna region of Italy. With its light grey coloration, small compact granules and contrasting wave-like veining, Varana stone is the material of choice on altars and baptismal fonts throughout that area. Florida Tile's unique interpretation of this stone, Sequence^{HDP} brings versatile color and size options in a color body glazed porcelain tile that realizes an ideal palette for designers.

The tone-on-tone veining in Sequence^{HDP} allows for beautiful shade variations in each of its four color choices: Breeze, a light dove tone with waves of a neutral beige; Drift, a warm taupe accentuated with darker greys and browns; Current, a medium grey with steel blue-grey delineations; and Vortex, a dark slate grey with black graphic effects. Available in three large-format sizes: 12x24, 24x24 and 18x36; and a plank 9x36, all feature a soft, flat surface and rectified edges allowing for tight, nearly seamless installations. Complementing the field tile are two mosaics; the first is a herringbone pattern made of 1x3 strips that give the product an upscale look commonly found in natural stone. The other is an oversized 4" hexagon pattern; both designs are mesh-mounted and sized at 12x12. Completing the collection is a 3x24 bullnose trim. Both the mosaics and bullnose are available in all four collection colors.

As part of Florida Tile's newest innovation in product development, Sequence^{HDP} incorporates Microban[®] antimicrobial technology into the tile surface. Manufactured using proprietary HDP—High Definition Porcelain[®] printing technology and with the technical performance of porcelain, the Sequence^{HDP} collection is appropriate for all applications in both residential and commercial settings. It is entirely made in the USA in our Green Squared[®] certified, Advanced Manufacturing Center in Lawrenceburg, KY of 40% pre-consumer recycled content. It meets the DCOF AcuTest requirements to be installed in wet areas and is GREENGUARD[®] and Porcelain Tile certified.

SEQUENCE HDP

High Definition Porcelain

BY floridatile

Typical Uses

Sequence^{HDP} color body porcelain floor and wall tile is appropriate for all residential and commercial wall, countertop and backsplash applications, all residential and most commercial floor applications.

This collection features patented Microban® technology that consists of treating the ceramic material with a formulated antimicrobial additive capable of expressing high antimicrobial efficacy using established international laboratory protocols.

Notice: Not all flooring products are suitable for wet areas, specialized applications or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI A137.1) for ceramic, stone and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED points and the ANSI approved NAHB Green Building Points.

Properties (Floor)	ASTM	ANSI	Results ¹
DCOF AcuTest ²	A137.1	≥0.42	Pass
Visible Abrasion Resistance	C-1027	N/A	N/A
Glaze Hardness	Mohs Scale	N/A	7 Mohs
Break Strength	C-648	250 lbf.	Pass
Water Absorption	C-373	<0.5%	<0.5%

¹ These tests are performed by a 3rd party testing lab using industry standard equipment and techniques. Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.

² ANSI A137.1 standard, ceramic tiles selected for level interior spaces expected to be walked upon when wet must have a minimum wet DCOF AcuTest value of 0.42.

Field Tile Nominal Size ¹	Metric (cm)	Pcs./Sq Ft ²	Thickness ³
12" x 24"	30 x 60	.5	10mm
24" x 24"	60 x 60	.25	10mm
9" x 36"	22.5 x 90	.44	10mm
18" x 36"	45 x 90	.22	10mm

¹ These values may vary from lot to lot.

² These values are based on actual sizes including the grout joint.

³ May not apply to textured surfaces or tiles with uneven back patterns.

Trim	Shape	SKU	Nominal Size	Metric (cm)
Bullnose		P43N9	3" x 24"	7.5 x 60

Color Variations

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

V2 = Slight Variation

Clearly distinguishable differences in texture and/or pattern with similar colors.
