Italian Design & Craftsmanship

MADE IN USA

DYNAMIC **HD** IMAGING®

HIGH DEFINITION INKJET PORCELAIN

S Y M M E T R Y

In 2012, Mediterranea launched one of the hottest tile design trends with the introduction of the Touch series, featuring for the first time a fabric design on a porcelain tile body, faithfully made in the USA. In the years since that time, fabric has only grown more popular as a leading trend in design.

Today, Mediterranea expands upon this design tradition with the introduction of Symmetry, which brings the design inspiration of fine fabrics to a whole new level.

Commercially rated for all floor and wall uses, Symmetry features two distinctive fabric patterns: Linen, inspired by the clean lines and elegant appearance of classic fabric looks popular for generations, and Wave, featuring a bolder geometric statement seen in fine clothing, furniture and decorative trims worldwide.

DYNAMIC HD IMAGING®
HIGH DEFINITION INKJET PORCELAIN

Symmetry uses Mediterranea's Dynamic HD Imaging® process to offer these precision fabric patterns in 5 distinct, perfectly balanced colors: Morning Mist, Sunrise, Moon Glow, Starry Night and Café. All colors and patterns are offered in rectified 12" x 24" size, with striking 3" x 12" deco pieces also available; giving designers the freedom to create limitless color and pattern options. 2" x 2" mosaic and matching bullnose trim help to make Symmetry the perfect series to deliver superior decor and utility.

Refined linen patterns -- matched with a sublime color palette. It all comes together perfectly in Symmetry -- the newest porcelain tile offering by Mediterranea.
