GLAZED PORCELAIN FLOOR & WALL TILE

floridatile

LOCAL^{HDP}

Shown on front: LCL10 8x36 Bistro, LCL20 8x36 Tavern, LCL30 8x36 Café, LCL40 8x36 Market & LCL50 8x36 Lounge

The poet, Rumi, wrote "... there are a thousand ways to go home again."

Florida Tile has created five of the most unique ways home with Local^{HDP}. This glazed porcelain floor and wall tile allows you to design an atmosphere that creates a sense of connection – a place of both possibility and comfort – a place to linger and belong. The look of weathered, painted wood introduces comfort and familiarity that is rustic...yet graceful. It transcends locale and invites you to be part of the community and its story.

The seasoned color palette of Bistro, Café, Lounge, Market, and Tavern will give any interior or exterior space tone and personality. The refined white, cool and warm grays, calming creams, and taupes set a mood that is welcoming and chic, delivering you to your favorite local haunt. An 8x36 pressed plank provides a format that works well in an array of

traditional, contemporary, or eclectic environments. A 2x12 herringbone mosaic available in each of the five colors, as well as warm and cool mix cube mosaics make a modern and impactful statement.

Manufactured using proprietary HDP—High Definition Porcelain® printing technology, Local^{HDP} is appropriate for all applications in both residential and commercial settings. It is entirely made in the USA in our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY, of 40% pre-consumer recycled content. It meets the DCOF AcuTest requirements to be installed in wet areas and is GREENGUARD® and Porcelain Tile certified. Incorporated into the tile surface is Microban® antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.

Field Tile Nominal Size ¹	Metric (cm)	Pcs./Sq Ft ²	Thickness ³
8" x 36"	20 x 90	.5	10mm

¹ These values may vary from lot to lot.

² These values are based on actual sizes including the grout joint.

³ May not apply to textured surfaces or tiles with uneven back patterns such as mesh mounted mosaics.

Typical Uses

Local^{HDP} glazed porcelain floor and wall tile is appropriate for all residential and commercial wall, countertop, and backsplash applications, all residential and most commercial floor applications.

Notice: Not all flooring products are suitable for wet areas, specialized applications, or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI A137.1) for ceramic, stone, and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED points and the ANSI approved NAHB Green Building Points.

Herringbone Mosaic Notice

Each M2x12HER Herringbone Mosaic is two parts, side A and side B; This item is sold (6) pieces per carton, in sets of (3) A's and (3) B's; The total coverage per carton is 5.7 SQFT.

Color Variations

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

V3

Moderate Variation:

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example "that little bit of color" on one piece of tile may be the primary color on the next piece.

Properties (Floor)	ASTM	ANSI	Results ¹
DCOF AcuTest ²	A137.1	≥0.42	Pass
Surface Hardness	Mohs Scale	N/A	7 Mohs
Break Strength	C-648	250 lbf.	510 lbf. avg.
Water Absorption	C-373	<0.5%	<0.5% ³
Visual Abrasion Resistance	C-1027	not required	Class III & IV ⁴

¹ These tests are performed by a 3rd party testing lab using industry standard equipment and techniques. Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.

² ANSI A137.1 standard, ceramic tiles selected for level interior spaces expected to be walked upon when wet must have a minimum wet DCOF AcuTest value of 0.42.

³ Average production value

⁴ Class III: Market & Lounge. Class IV: Tavern, Café & Bistro.
