Global Collection Reimagined

**Unparalleled
flexibility.**

**Timeless
aesthetics.**

Intuitive design freedom

Global Collection is precisely curated to allow unlimited freedom to choose from a selection of colors and sizes during the design process. With this family of ceramic tiles, designers can intuitively craft a unique and harmonious interior to reflect any concept.

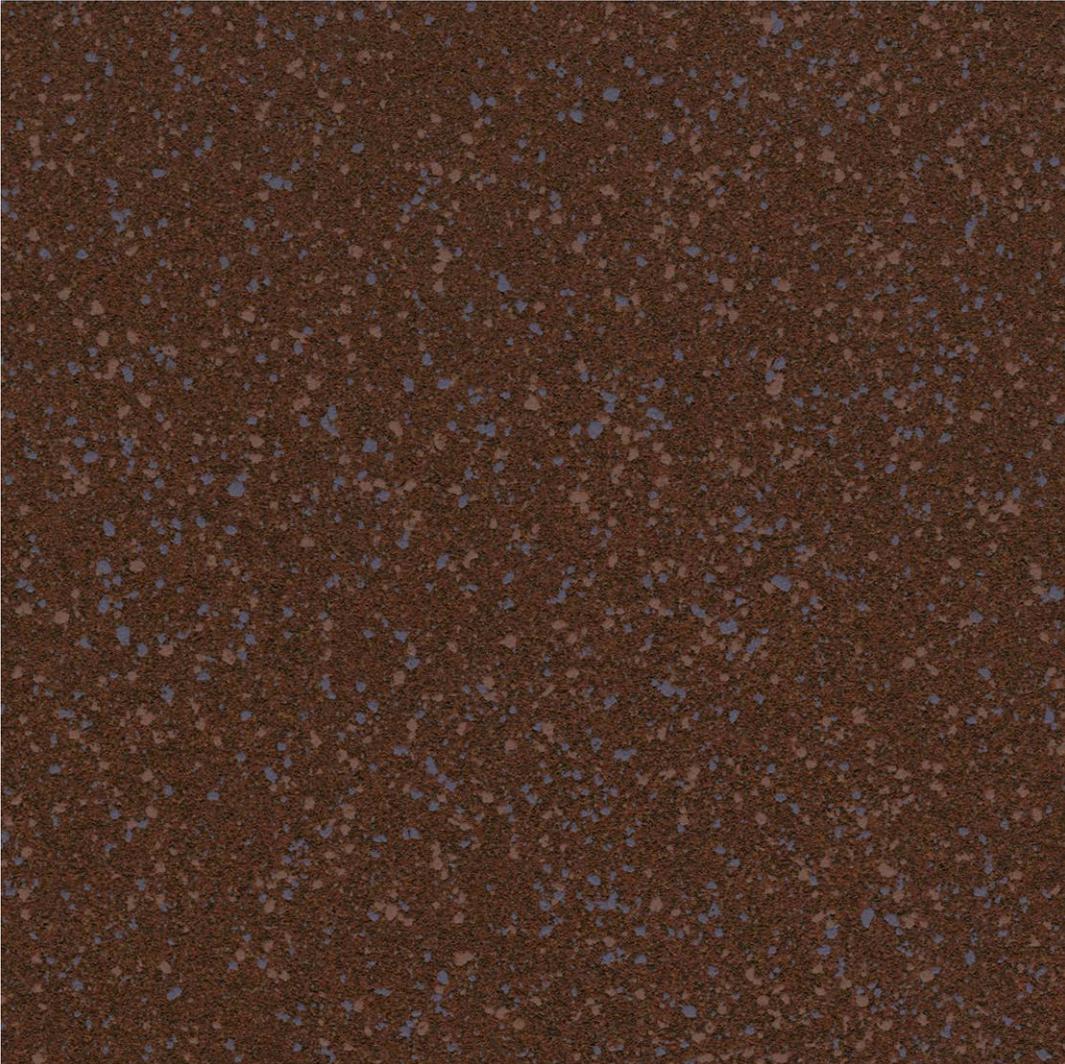

Uncompromising balance and quality

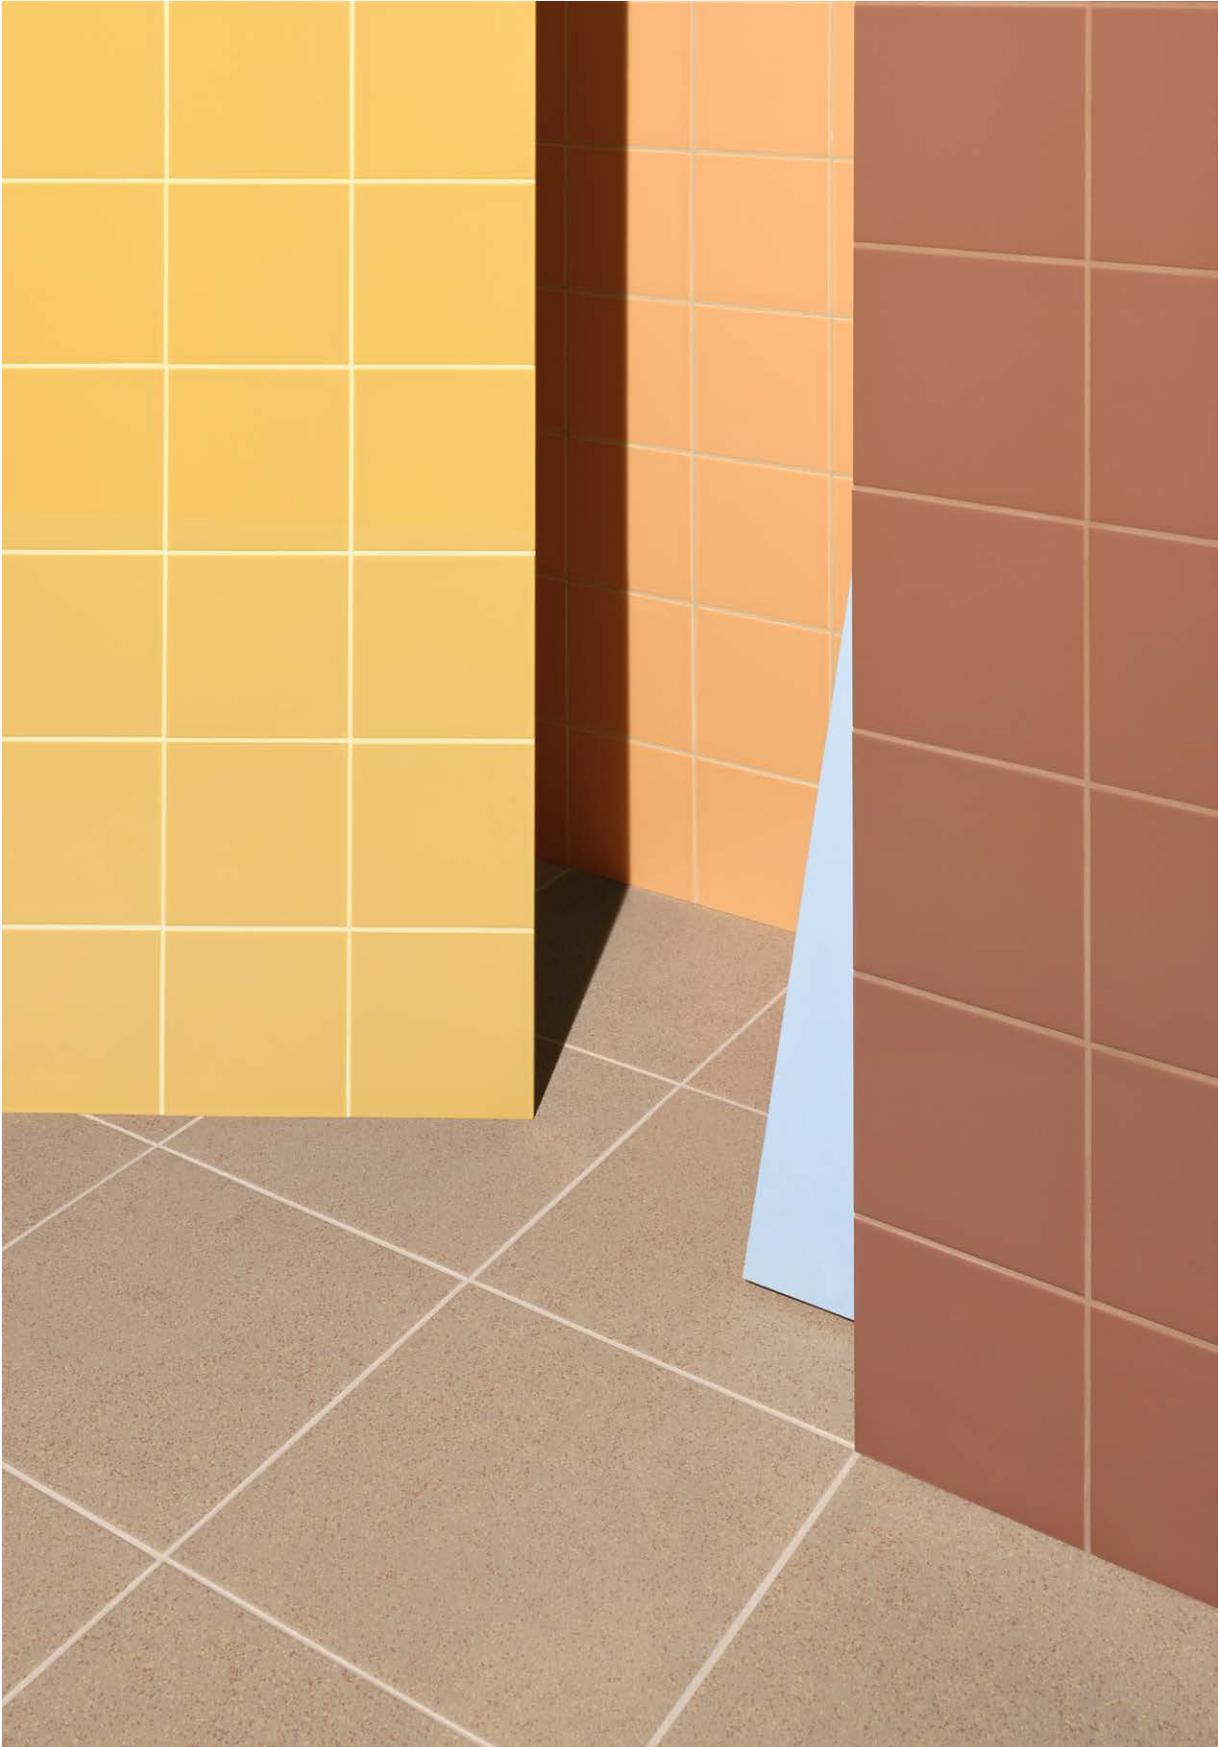

The series offers the ultimate balance of aesthetics and functionality with its all-in-one nature. As a result, every project is elevated through a celebration of efficiency. Smartly crafted to produce contemporary designs that reflect current needs, Global Collection offers both 21st century appeal and lasting excellence through its timeless quality. This multi-dimensional family of tiles features a variety of gloss levels, colors, sizes, and coordinated wall, floor, and accessory options.

Sizes

Small sizes, big variety

This Mosa range allows designers to bring a variety of atmospheres to life thanks to the agility of its small, square, and rectangular sizes. Coming in three options for floors (4 x 4 inch, 6 x 6 inch, 12 x 12 inch) and four for walls (4 x 4 inch, 4 x 12 inch, 6 x 6 inch, 6 x 12 inch), these tiles are a natural fit for any project scale, concept, and style. The series' products are supremely versatile – compact enough to add character and atmosphere to the smallest of spaces, and expansive in their potential to serve larger scale surfaces.

Modular by nature

Global Collection's small sizes and accessories ensure perfectly aligned joints in wall-to-floor combinations, creating a comprehensive, seamless look.

This series is also a breeze to install, reducing overall project costs. The small sizes and relative light weight of the ceramic pieces means they are easy to handle, adding another dimension to the collection's functionality.

Color range

A curated color range

Global Collection is optimised for balance and versatility. Thanks to the series' perfectly calibrated offering, these products respond with precision to different spaces and desired atmospheres. From neutral to bright tones, this tile range empowers to compose surfaces that go from subtle to expressive – and everything in-between.

Subtle power

This series contains a smart selection of grey tones, from warm to cool, and from light to dark. Global Collection's bold grey color palette makes finding the perfect balance between subtler shades easy, unlocking the richness of neutral surfaces.

An ideal balance

Neutral-coloured surfaces can be enhanced through the expressive power of Global Collection's bright hues. Similarly, colourful spaces are tempered by integrating neutral tones. Its colors are chosen to effortlessly achieve the perfect blend every time, in a simple and impactful way.

Floor tiles

Three convenient floor tile sizes

Mosa's Global Collection is rich in choice, featuring contemporary yet timeless ceramics in neutral and boldly colourful options. The series offers three convenient floor tile sizes (4 x 4 inch, 6 x 6 inch, and 12 x 12 inch).

Boldly monochrome

The plain tile family's monochrome floor surfaces achieve a sleek and unified aesthetic through contemporary block color, single-tone options.

Subtly granulated

The granulated tile range produces richly coloured, subtly speckled surfaces of depth, character, and sophisticated complexity. Its seemingly homogeneous, yet gently varying pattern adds layers to any interior design vision.

Fantastically flaked

The flaked floor tiles are an opulent, dynamic product that leaves a lasting impression, adding a vibrant energy and a lively, captivating aesthetic to any space.

Designed to fit

The series' inherent versatility and three size options allow designers to choose between dimensions, colors, and surface appearances for floors that can be tailored to any style, typology, and scale.

Wall tiles

A size for every design

Global Collection offers a range of wall tile finishes in bright and subtle color tones and four sizes (4 x 4 inch, 4 x 12 inch, 6 x 6 inch, and 6 x 12 inch), ensuring designers can customize a space with precision, for looks that stand the test of time.

A fitting finish

These wall tiles shine through their surface gradation options, offering the ability to match a design vision with the right product finish. Wall tiles come in three variations, including a powdermatt, satin, and gloss glaze for ultimate flexibility.

The magic of patterns

Unleash your creativity with Global Collection's pattern possibilities. This product package allows for playful experimentation using a variety of colors and gloss gradations within a single surface. The range's consistent sizing and curated color options mean it's easy to compose grids and patterns for unique and visually captivating results.

The perfect edge

This Mosa product package ensures a clean corner finish without additional costs. The wall tiles include one glazed edge (the narrow edge on rectangular sizes) in every size and color, reducing installation complexity.

Design possibilities

A finely tuned range for unlimited expression

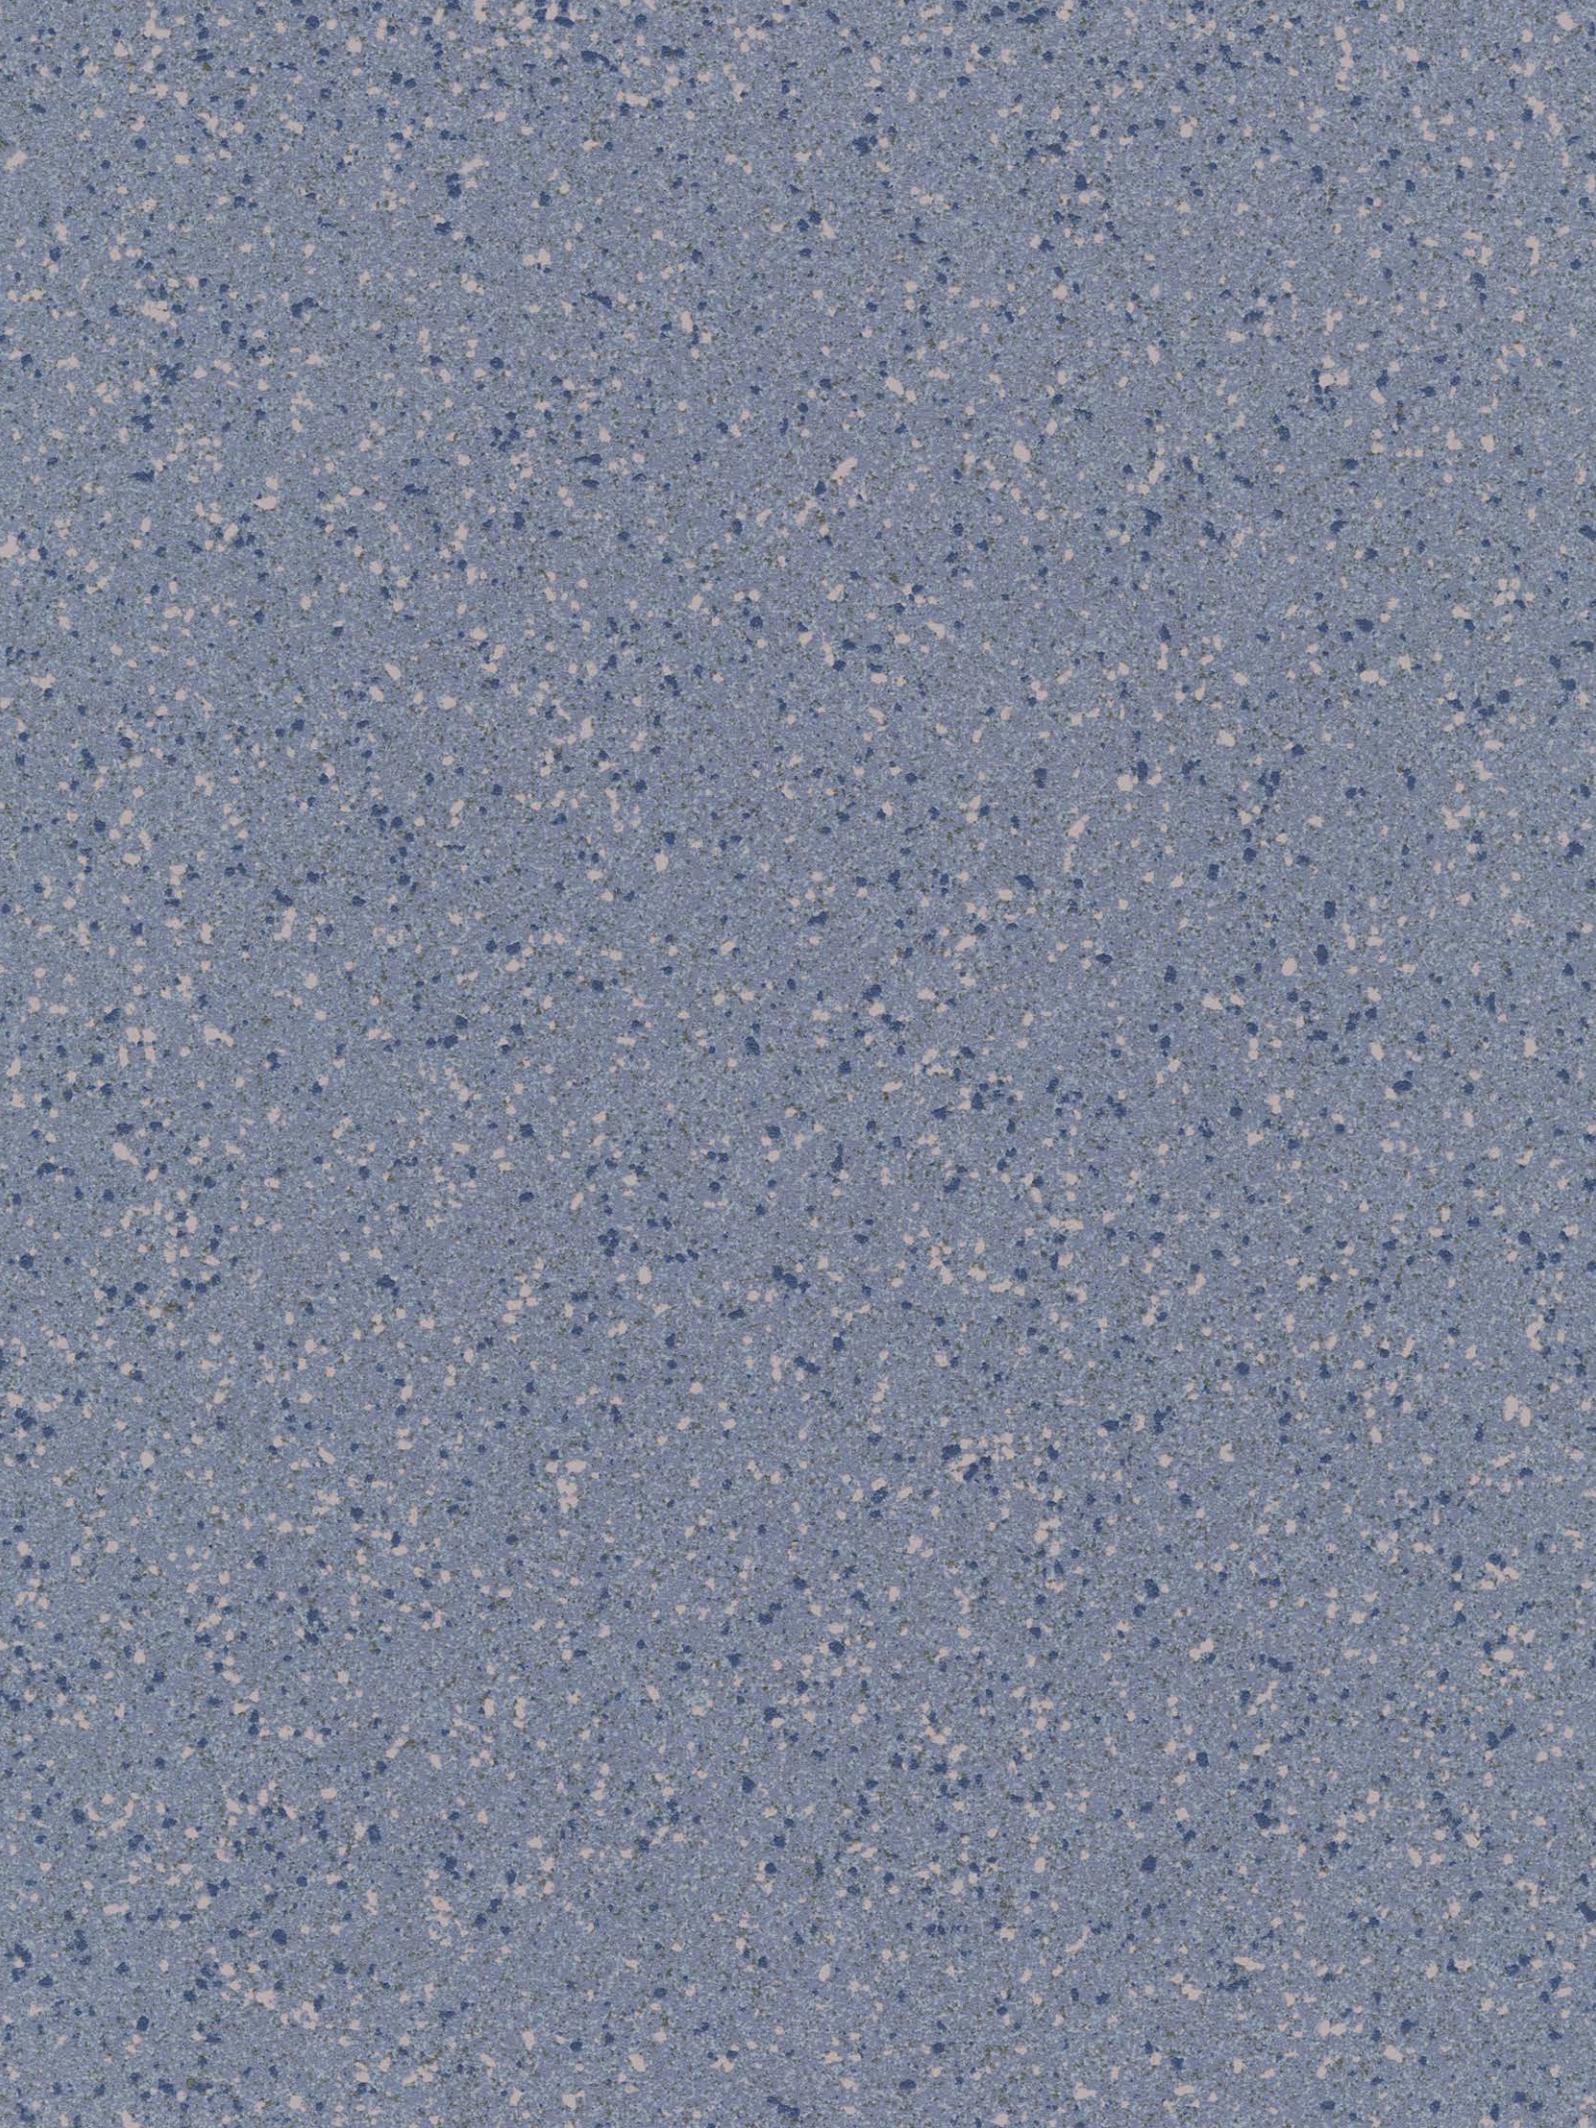

Global Collection invites your creative expression. These tiles inspire limitless intuitive, well-attuned wall and floor compositions – in block color or different hue combinations, in soft or bold tones – regardless of design style. This is the perfect range for crafting unique identities and atmospheres with ease. All floor options (plain, granulated, and flaked) and wall glaze gradations (powdermatt, satin, and gloss) are designed to fit harmoniously together as a cohesive family.

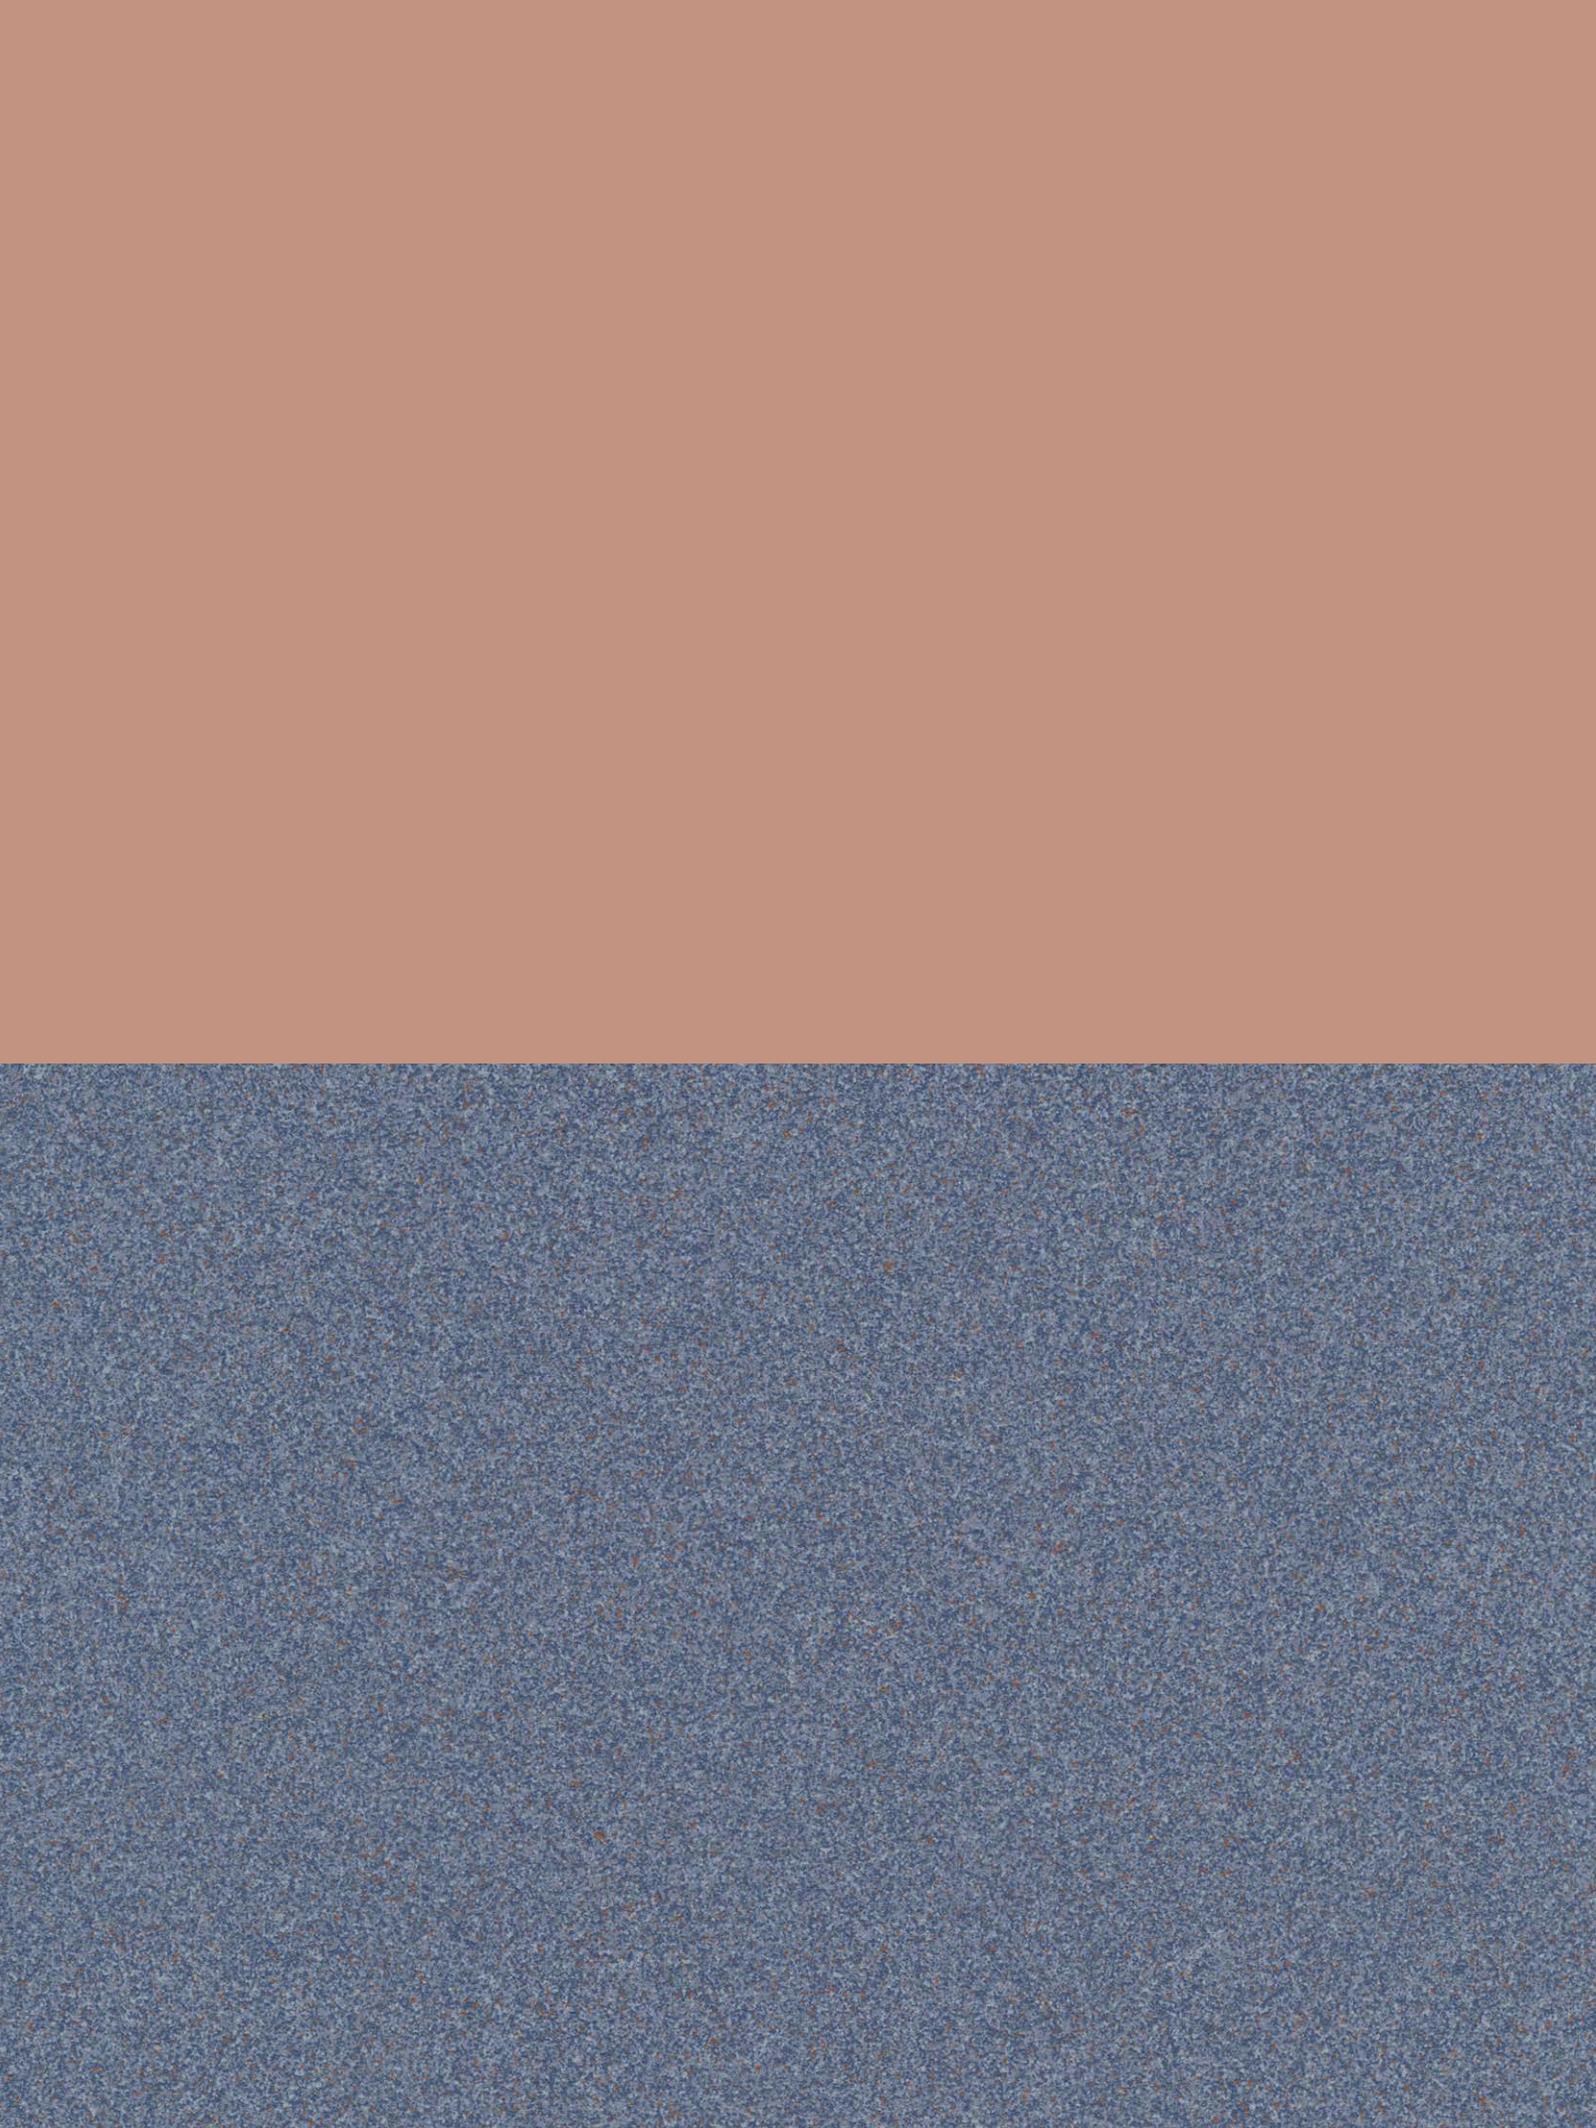

From traditional to contemporary

With Global Collection, designers can create patterns that evoke a range of atmospheres, from avant-garde and contemporary, to all-time-classics or heritage-inspired. The three floor appearances and wall surface gradations have been cleverly curated to work in harmony, both separately and together. The design possibilities are truly endless.

Across the color spectrum

Global Collection has been designed to integrate seamlessly with the high gloss 6 x 6 inch wall tiles from Colors, broadening the spectrum with the latter's bright and saturated hues, light pastels, desaturated tones, and deep dark options.

Accessories

Flawless integration

Global Collection's tiles come with a range of accessories for unified looks and functionality. The range provides a detailed and smartly thought-out aesthetic approach for coved skirting solutions – including corner items – to ensure every part of the project has its purpose. With this practical, compact, and complete range of accessories it has never been easier to create cohesive, stand-out designs.

Impeccably aligned

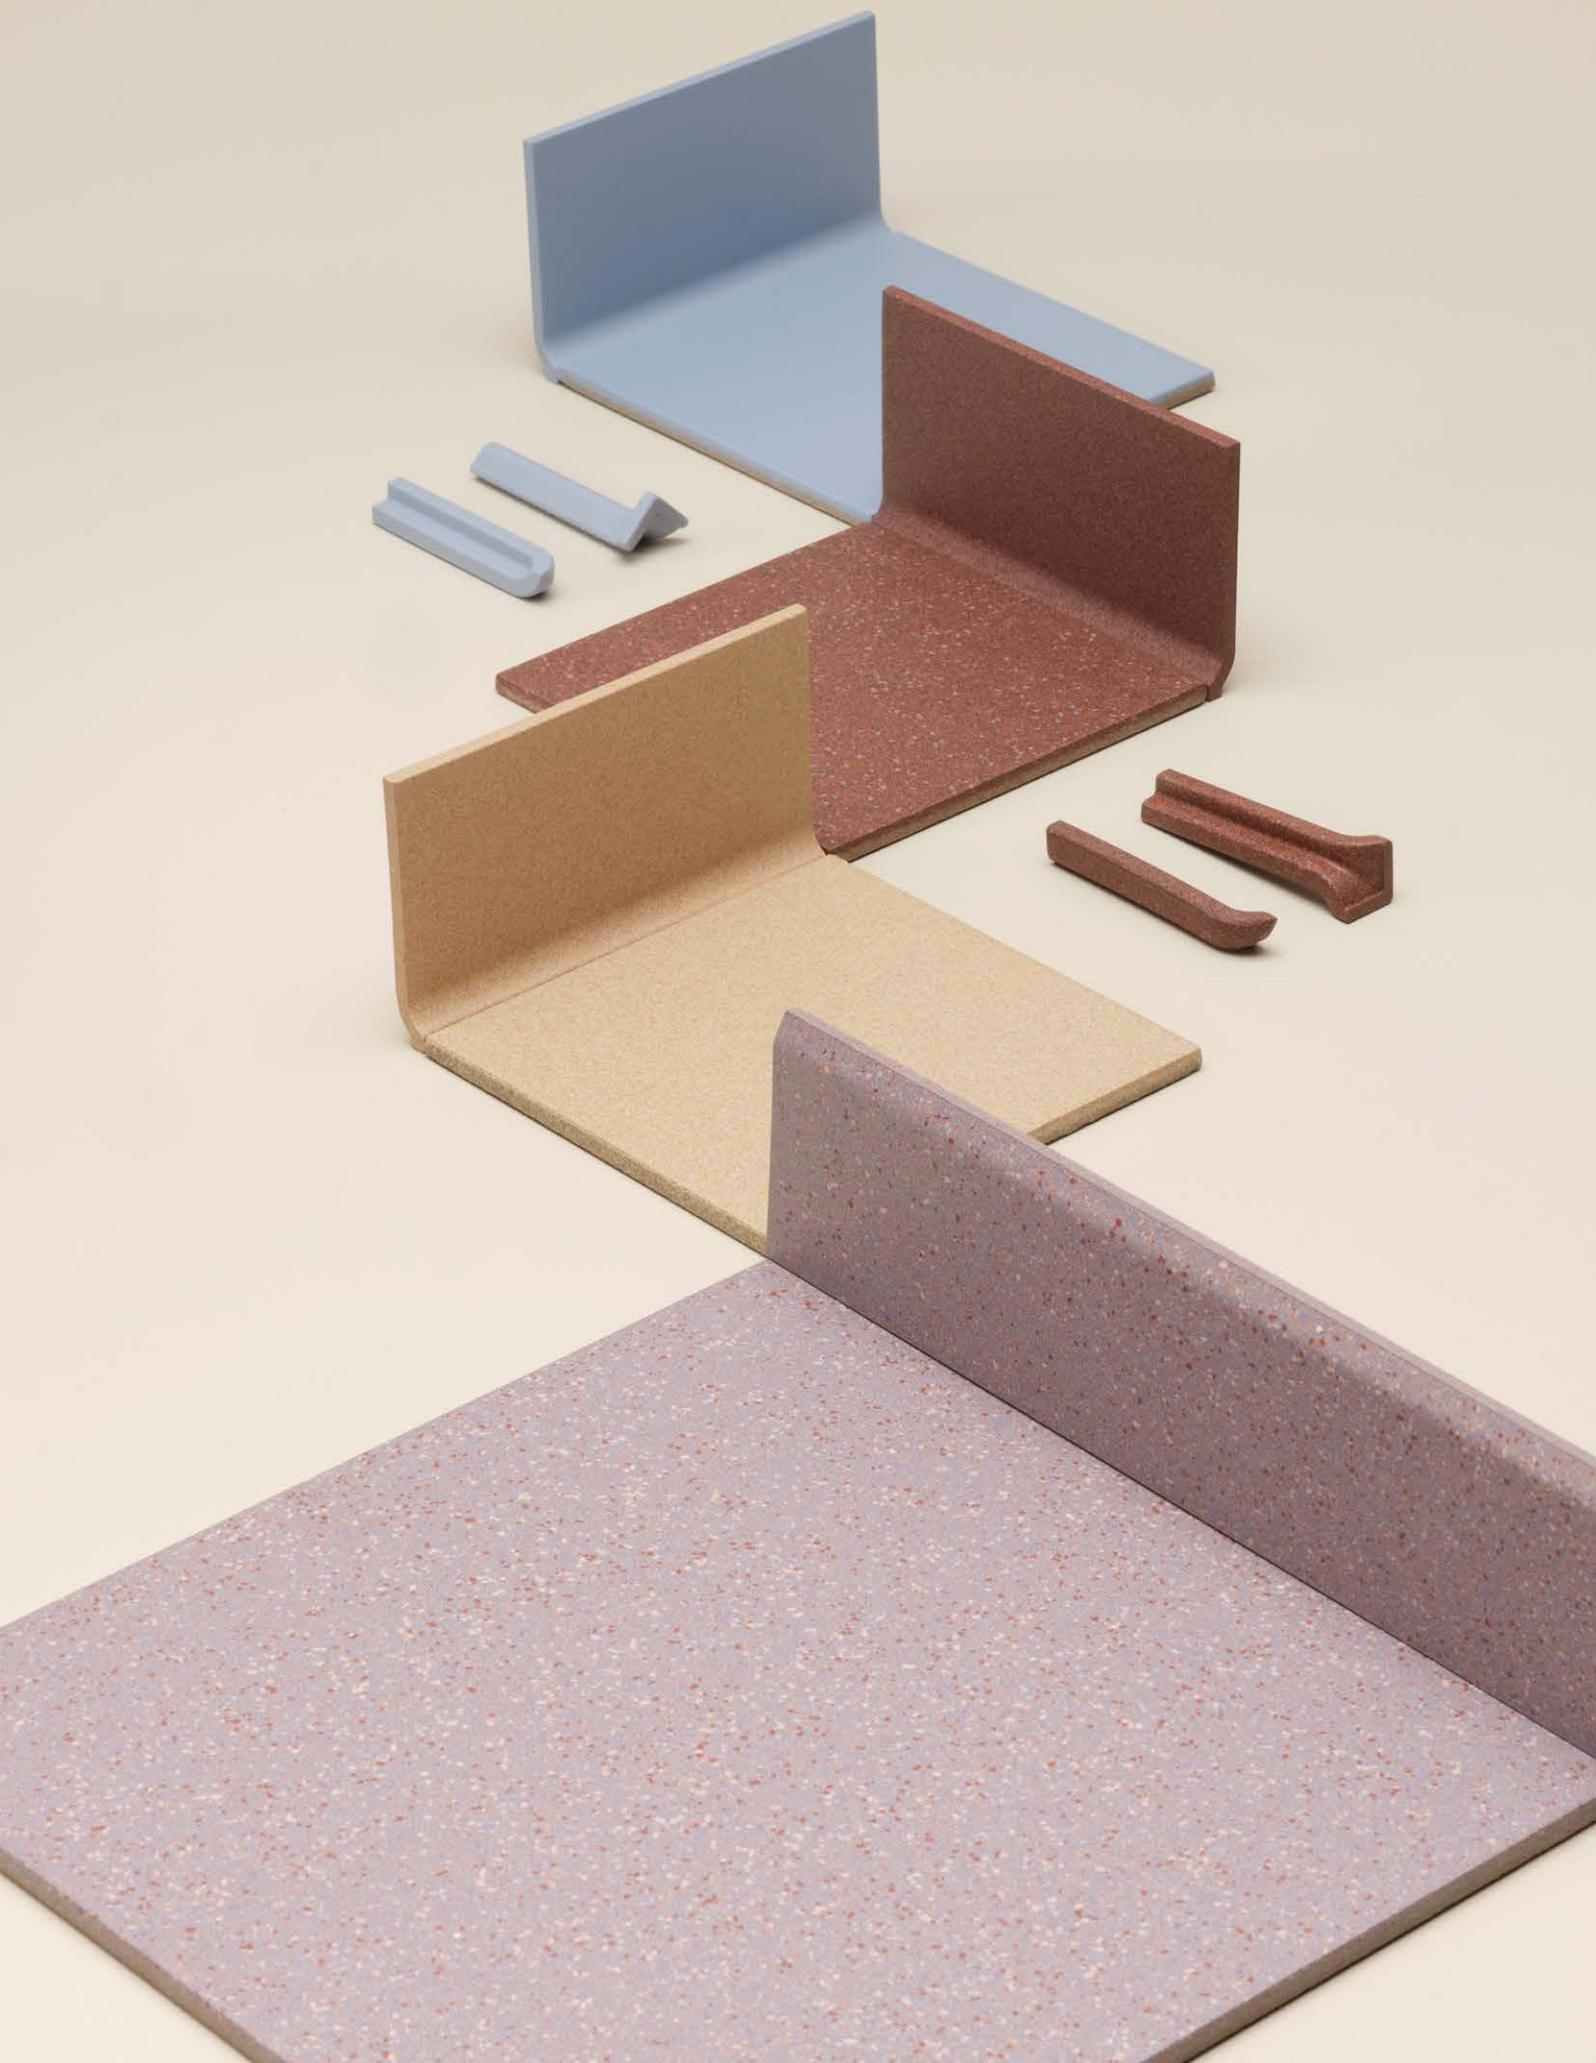

Global Collection's smart design for tiles and their matching accessories allows for modular wall and floor combinations, resulting in unified and easily achievable interior visions.

Wellness and safety

These ceramic surfaces and accessories positively contribute to user wellness and a sustainable design approach, thanks to their sanitary finish and high specification in cleanability compliance.

Accessible for all

Underscoring Mosa's commitment to inclusivity, this range offers tactile guiding tiles in two colors, ensuring accessibility and safety in public areas that meet the needs of visually impaired people.

Functionality

Supreme functionality

Blending playfulness, refined aesthetics, and seamless functionality, Global Collection is the ultimate tool for elevating ceramic surfaces in a practical yet uncompromising way. Through the tiles' expert engineering, functionality is guaranteed, making this series an indispensable feature for a broad range of creative projects.

Universal solutions

The series is ideal for use across dry and wet indoor areas, including barefoot zones. The range's granulated and flaked floor tiles come with R10/B anti-slip properties, ensuring safety and uniformity.

Maintenance is a breeze

The series makes day-to-day maintenance easy and cost-effective. All products have a cleanability efficiency rating of 4, which guarantees easy upkeep for long-lasting surfaces.

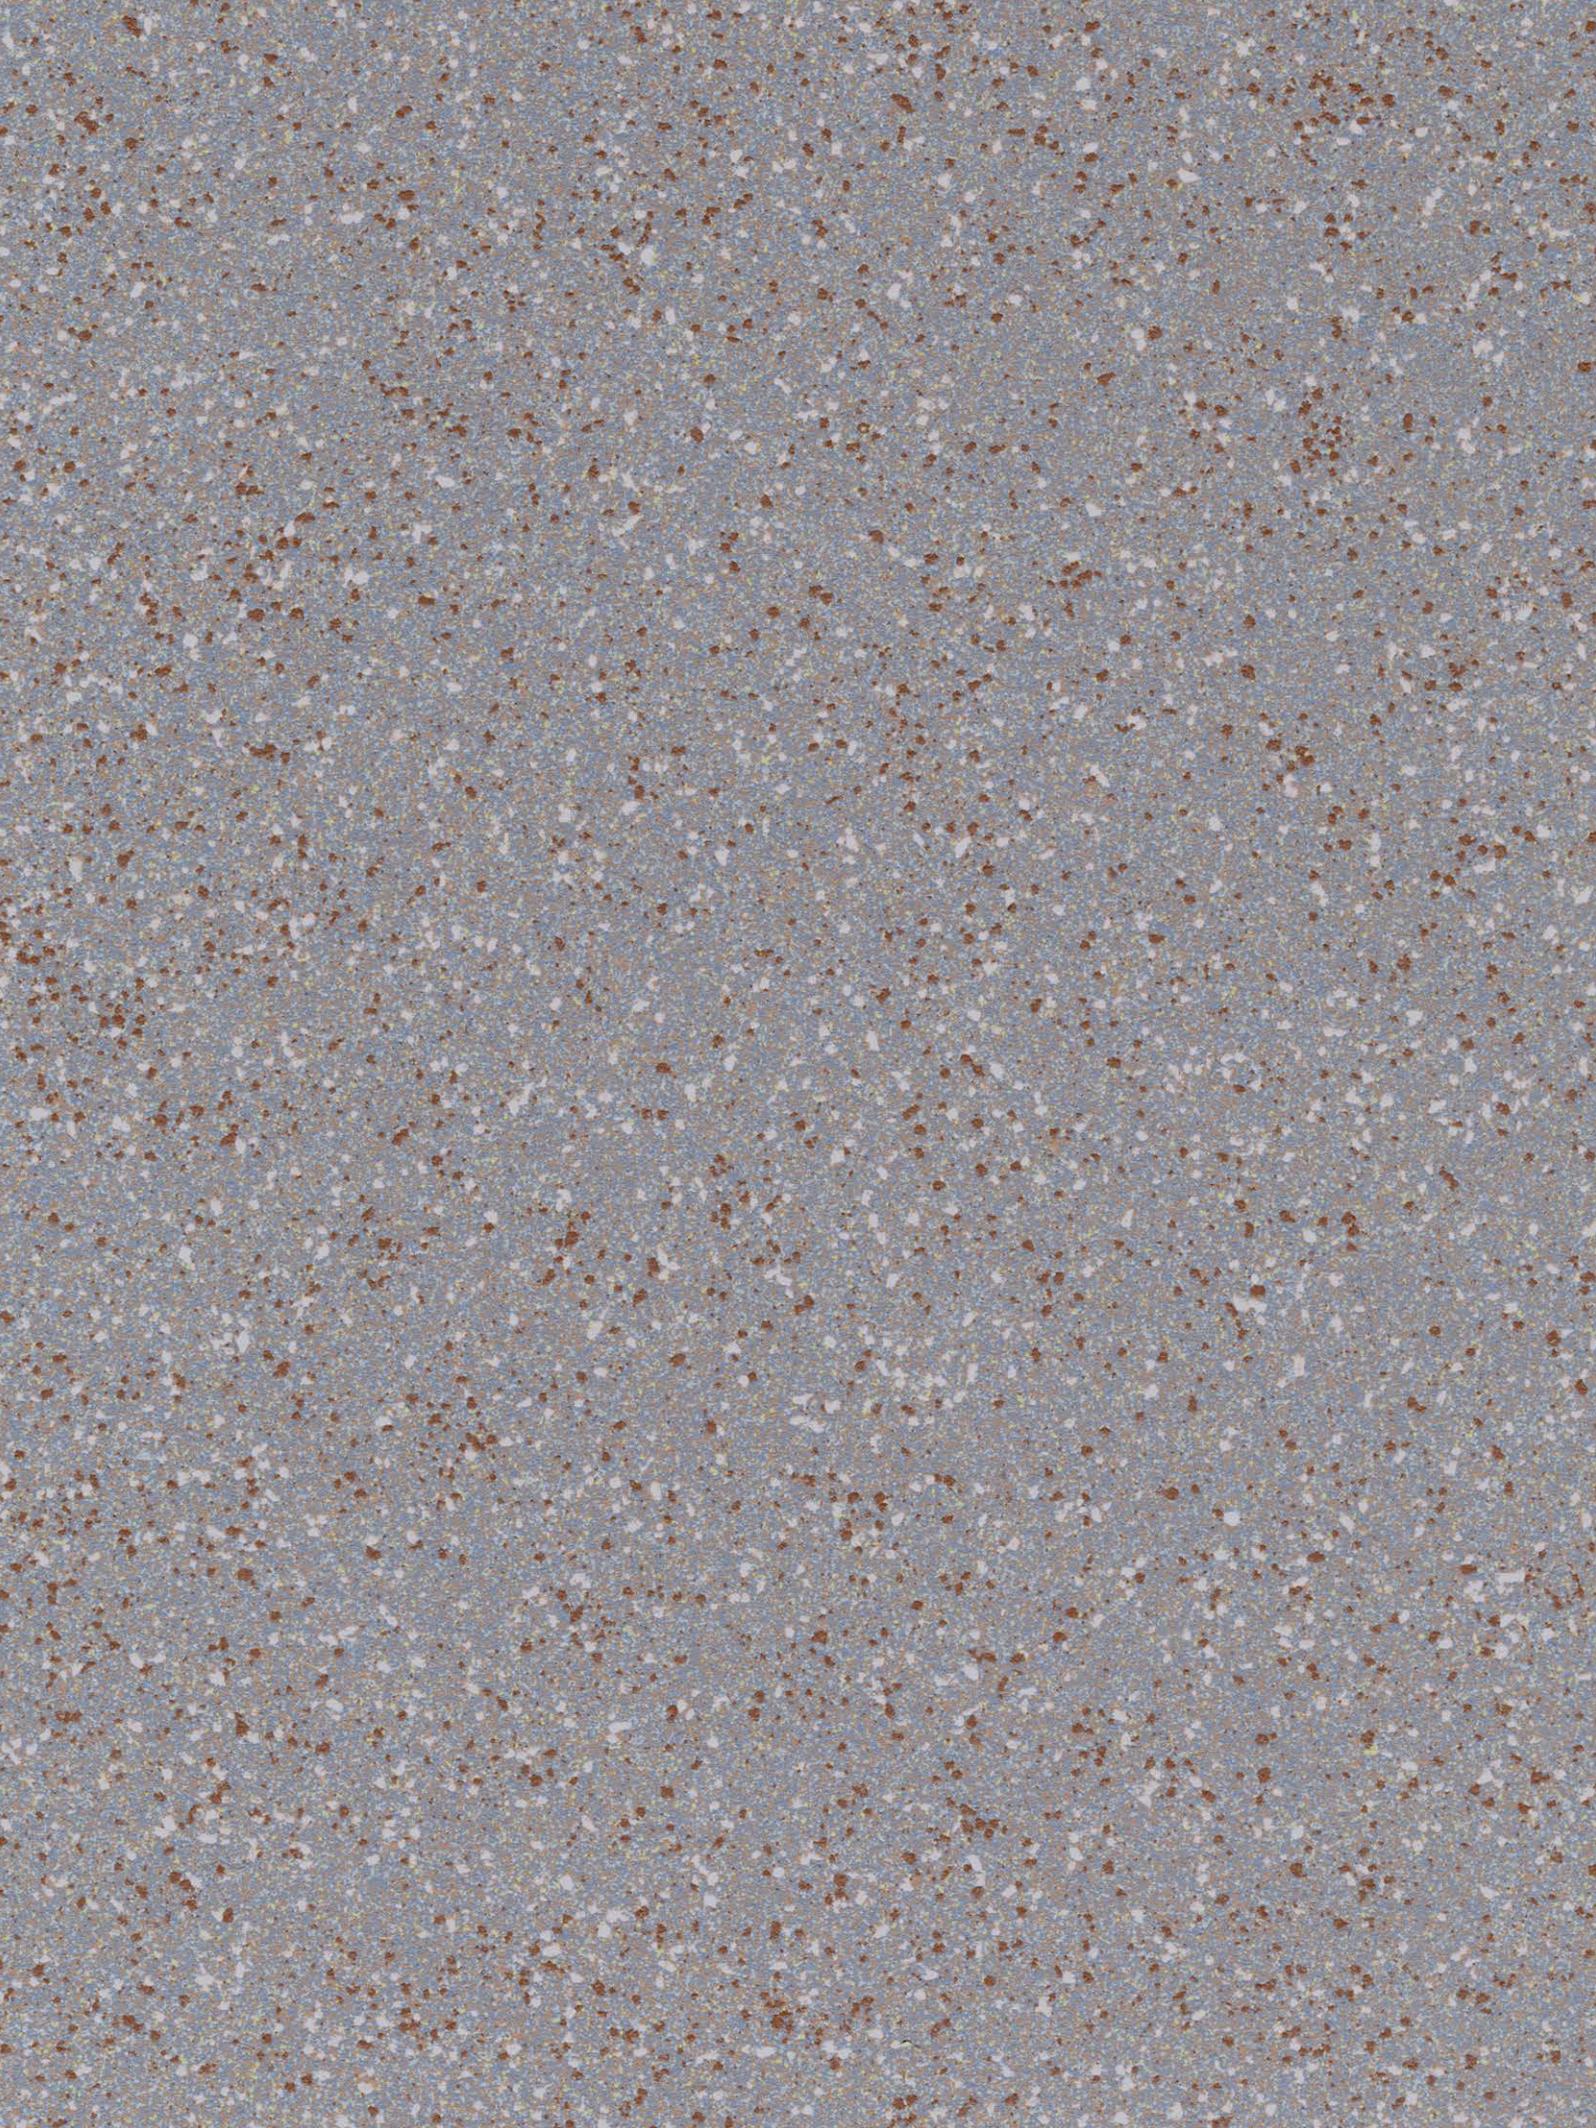

A hard-working range

Global Collection's wide scope easily caters to any use type, from high-end to everyday and heavy-duty interiors. The series includes slip resistant floor surface options, with tiles that have achieved widely recognized international ratings, including R10/B, R11/B, R11/C, and R12/V4.

Looks that last

The granulated and flaked surface finishes are specifically engineered to disguise dirt effectively. Available across floor tiles, skirting products, stair treads, and anti-slip solutions, these dirt-concealing designs ensure easy maintenance and a pristine, timeless appearance.

Global Collection and Colors

Global Collection is the perfect blend of playfulness, aesthetics, and functionality. It can be effortlessly combined with Mosa's Colors for walls.

One big family

Global Collection and Colors have been designed to complement and extend each other to enhance creativity. The former's aesthetic versatility and functionality sit side by side with the latter's colourful character, multiplying design possibilities.

Colors features a palette of 36 precisely composed contemporary wall tile colors in a 6 x 6 inch size. Global Collection contains three sizes for floors (4 x 4 inch, 6 x 6 inch, 12 x 12 inch) and four sizes for walls (4 x 4 inch, 4 x 12 inch, 6 x 6 inch, 6 x 12 inch), spanning neutral to bright hues in richly pigmented ceramic pieces. These two series can be easily combined in a modular way.

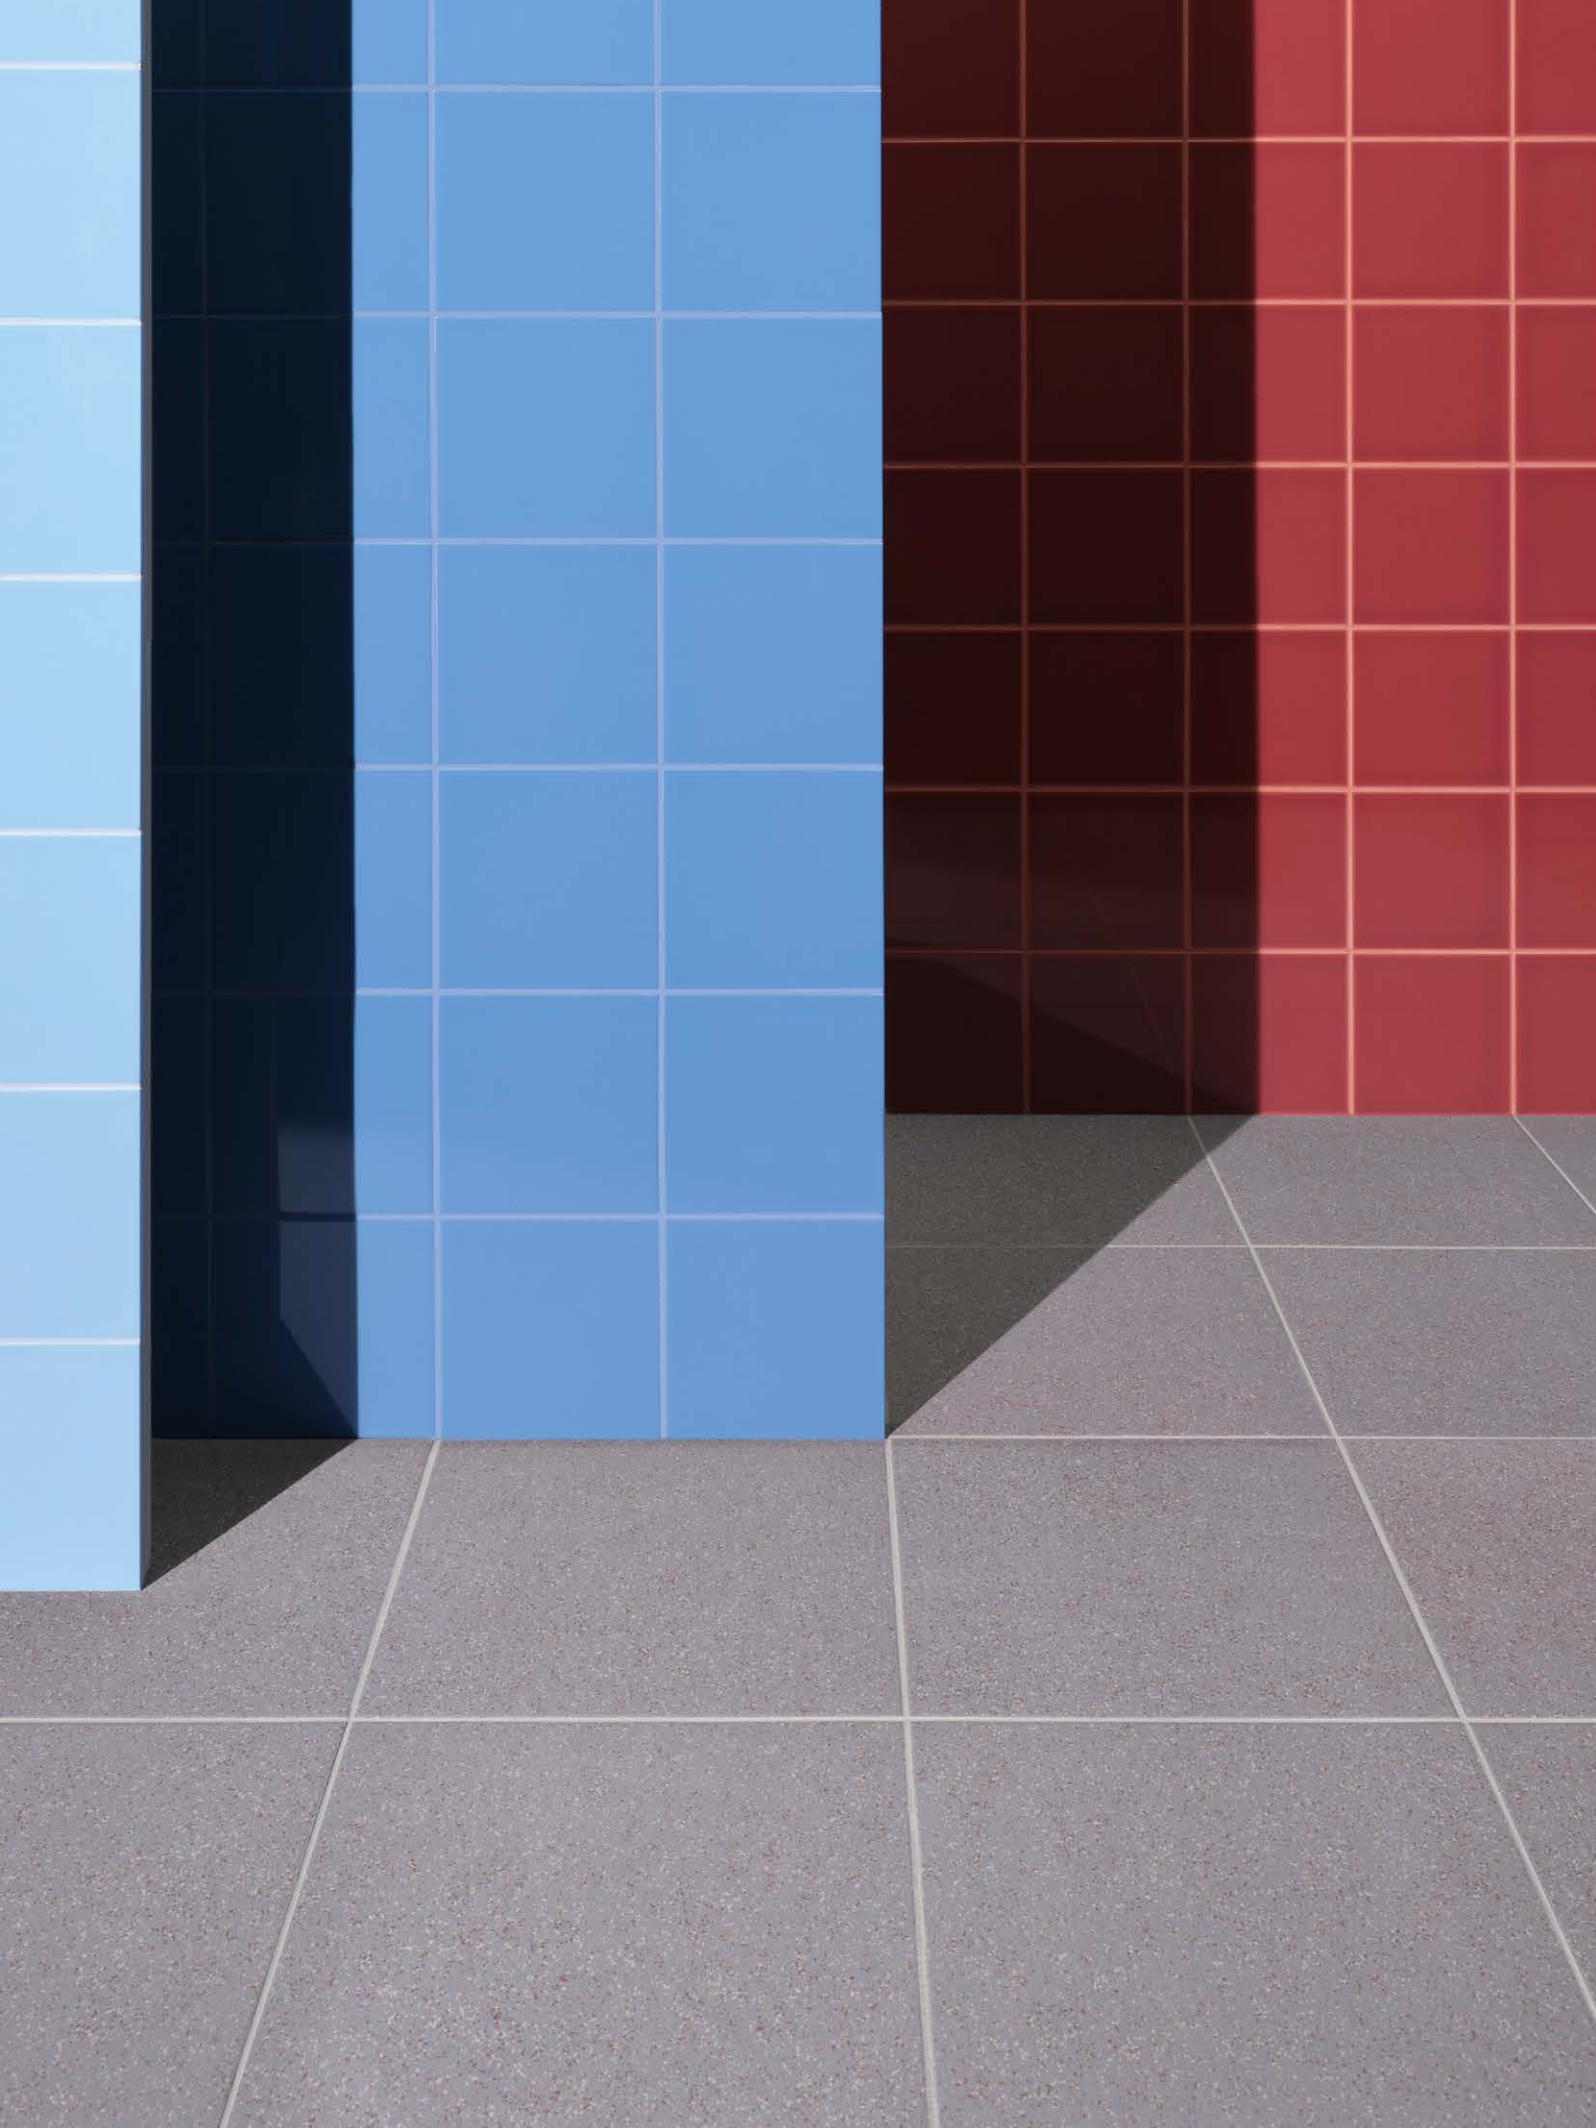

Colors' bright, saturated hues, light pastels, desaturated tones, and deep dark wall tile colors can be used to bring further vibrancy to Global Collection surfaces. When Global Collection comes together with the Colors' tile spectrum, the former's more restrained hues can be enhanced with a new chromatic dimension.

Global Collection's wall tiles are available in a 6 x 6 inch size, in the same thickness as the 6 x 6 inch Colors tiles. Global Collection's silk matt and powder matt glaze wall tile finish options open further possibilities when matched with Colors' gloss glazed surface.

Global Collection's wide range of floor tiles in three different sizes can be used alongside Colors' wall products. These two series are designed to work together in a natural way that results in refined and balanced interiors. Their modular nature ensures perfectly aligned joints in wall-to-floor combinations for a comprehensive, seamless look.

This means countless color combinations can be accessed, for layered interior designs that celebrate creativity at every level.

Sustainability at its core
