WHITE

SILVER

NOIR

COLOR BODY PORCELAIN MADE IN THE USA.
Available in 12”x24”, 12”x12”, 3”x12” Listello, along with coordinating bullnose, mosaics, and cove base options.
BRECCIA
Breccia is an Italian word describing a fragment of mineral or rock formed together to make a new complex structure. Its striking visual appearance have made Breccia a popular choice in architecture and design for thousands of years because of its unique qualities. This material has been embellishing important buildings and palaces since ancient times and can add a touch of luxury to your home or business with its factual beauty and effortless sophistication. Breccia from Milestone is a striking example of this precious stone and is full of depth and movement. Breccia is available in three designer colors and three modular sizes, as well as a variety of mosaics and trims.

#### V1: UNIFORM APPEARANCE
Differences among pieces from the same production run are minimal.

#### V2: SLIGHT VARIATION
Clearly distinguishable differences in texture and/or pattern with similar colors.

#### V3: MODERATE VARIATION
While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

#### V4: SUBSTANTIAL VARIATION
Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

**RESISTANT FOR THE HOUSE**
The product is water-resistant. It stops liquids, body oils, acidic and staining substances from penetrating the tiles. It resists scratches, scuffs and gauges better than any other floor covering. It does not absorb fumes, odors or smoke. It does not discolor or fade when exposed to sunlight, or other natural elements. It is completely fire proof. It resists burns and doesn’t feed a fire. Its high resistance to abrasive dirt and grime makes it suitable even for heavy traffic areas of the house such as hallways, entrances, foyers and walkways.

**Frost Resistant**
Exceeding the ADA standard requirements, the Milestone product can also be used for outside applications. It stands up to abrupt temperature changes and freezing-thaw cycles. When properly installed according to ANSI A137.1. It’s strong enough to be used in exterior applications even in frigid climates. Proper consideration must be given to the anti-slip requirements of the area to be tiled.

**Anti-Slip**
The testing conducted on our finished product will guarantee that all of our tiles will have an anti-slip surface so they may be used with total confidence in kitchen and bath applications. The Milestone product is perfect for both home and commercial interiors, such as restaurants, offices, retail stores, etc. Its anti-slip properties provide a safe walking surface in both wet and dry conditions, according to the Americans with Disabilities Act.

**Hygiene/Sanitation & Easy Cleaning**
The Milestone product doesn’t absorb odors or bacteria of any kind. It’s easy to clean with a damp sponge, mop, or cloth. For a more intense cleaning, simply use a mild solution of water and a common household detergent. Regular cleaning will stop the growth of germs and bacteria in damp areas such as the bathroom.

* Weight per Pallet does not include pallet weight itself.

All other sizes will be packaged as ordered.

Please contact Milestone customer service at 1-877-356-7461 for packaging information.

Minimum Grout Size Recommended = 5 MM (OR APPROX. 3/16”) If Staggered Tile Placement, We Recommend using a 30% Offset, If Specified Brick Pattern with 1/2 Pattern Mandatory, a Bigger Grout is Recommended to Hide Imperfections of Installation (Minimum 1/4”).
Routine care instructions:

1. Wash with water to remove superficial dirt.
2. Application of Fila Cleaner® Fila (commercial product) diluted to an average of 1:200 to the surface.
3. Let the solution sit 5-7 minutes.
4. Remove the cleaner with a vigorous mechanical cleaning action using common hand cleaning equipment, or a suitable floor-cleaning appliance.
5. Dry the floor completely.

Note: For desired results, it is particularly important to combine the effect of the detergent with a vigorous mechanical cleaning action.

The products mentioned in these instructions do not officiate any official agreements with any floor cleaning product producers.
WHY PORCELAIN?

There are many reasons to choose impervious porcelain tile over other floor coverings. It offers the largest array of design options and holds its value the longest. In a comparison between the many different flooring options, porcelain tile offers one of the most durable and least expensive options over the lifespan of the building.

Benefits of Porcelain Tile

• Impervious to water
• Easy to maintain
• Variety of design options
• Environmentally friendly
• Resistant to germs and bacteria
• Fade resistant
• Fire resistant
• Durable - best long-term value vs. other floor coverings

PROGRESS THAT TOUCHES AND INVESTS IN THE ENTIRE SOCIETY

As a active member of the U.S Green Building Council, Milestone spreads awareness to the entire American communities and encourages towards the use of building solutions inspired by environmentally friendly practices. Using Milestone products for project implementation, will positively contribute in obtaining scores and points required for earning the LEED certification (Leadership in Energy and Environmental Design).

A COMMITMENT TO THE DEVELOPMENT OF PRODUCTS FOR A CONSCIOUS BUILDING TRADE

Milestone offers products containing recycled material. The adoption of eco-compatible production systems is merit of Italian designs produced in the U.S.

TECHNICAL DEVELOPMENT THAT CONSIDERS THE NATURAL ENVIRONMENT

Milestone commits to the eco-compatible project and translates the same into an avant-guard production process, minimizing the negative impact on the environment.
